

NAOMI HUCK-ANANOU

www.NaomiHampstead.ca

Innovation | Competence | Dynamism

These are the qualities I will bring to the table as a town councilor.

TED Talk: My Story is a Story About a Mountain That Needed to be Climbed

My name is **Naomi Huck-Ananou**, I'm 34 years old. I've lived and worked in many different countries prior to re-establishing myself in Hampstead where I grew up. Those international experiences helped me develop my sense of creativity and an open mind.

I am a member of the Quebec Bar with a Masters in Tax Law from the University Lyon III and was president of the Law Society. I also received a Masters degree in Business with a specialization in entrepreneurship from HEC Paris and my J.D. from the University of Montreal.

I worked for one of the biggest international accounting firms, KPMG, in international taxation. Now I consult in social impact and philanthropy in the private sector. I help and guide my clients in building new sustainable strategies and social investments.

I teach Ethics, Governance and Business Law at HEC Montreal. I am a member of the committee of Social Entrepreneurship and International Competition and co-president of the young philanthropic organization for Jewish General Hospital, sensitizing and educating young people to become donors.

"I have known Naomi for 21 years, she is a serious, well educated, sharp young woman. With her knowledge, creativity, and empathy, I trust her vision and decisions. I believe Hampstead will be lucky to have her on council"

Henri Elbaz

Climbed Mount Kilimanjaro to raise funds for Mama Africa School and Orphanage in Tanzania

With my background in taxation and law I will make sure the Town's needs are prioritized in a transparent, competent, and ethical manner.

I am confident that my education and professional experience will be strong assets when it comes to the management of our municipality.

I intend to bring creative and sustainable ideas inspired from the many cities I visited around the world and make them a reality in our own garden city. Bringing more social, athletic and recreational services and activities to our town will further enhance our community spirit. This can be achieved by building a wonderful community centre oriented towards the needs and values of our residents. I am uniquely qualified to make this happen and in a fiscally responsible and timely manner.

Furthermore, as a newlywed, with plans to raise my family in Hampstead I am more dedicated than ever to this town and will be checking in with the entire community to address current and future needs.

"Naomi's outstanding background in law and taxation will be tremendous assets for town council. When combined with her exceptional enthusiasm and work ethic she is an ideal candidate."

Mayor Bill Steinberg
